About The Program

The Good Morning Program has been a part of our police department for over ten years. This program was designed with the community's older residents in mind and provides a well being check. It is available to the residents of both Lincoln and Woodstock.

How The Program Works

Citizens on the program call in by 10:00 am everyday to say hello and let us know how they are doing. If no call is received and we cannot contact you, an officer will respond to your home to make sure you are okay.

How To Join

This program service is provided free of charge. If you or someone you know could benefit from this program, call us or stop by and pick up an enrollment form.
